

STELR Solar Car Equipment Pack 2018

STELR API solar cars can be purchased separately or in class sets of 14. The teacher's jar contains additional equipment needed to assemble the cars and reconfigure the gearbox. One teacher's jar is included with a class set of 14 kits. Teacher's jars can also be purchased separately.

Instructions for assembling the solar cars are in the STELR API Solar Car Manual which is available on the STELR website:

www.stelr.org.au

The content of the STELR Solar Car class set is shown to the right. Images of the equipment are over the page.

The STELR Project is an initiative of the Australian Academy of Technology and Engineering (ATSE).
